## TAFT MAKES NO COMMENT

**Declines to Talk About Bryan's Speech of Acceptance.**

**WILL READ IT VERY CAREFULLY**

**And Will Make a Reply to It Should He Deem Such a Course Necessary or Advisable—Candidate Thrown by His Horse, But Sustains No Injury.**

Hot Springs, Va., Aug. 14.—No comment on publication in the newspapers on the acceptance speech of W. J. Bryan is to be made by W. H. Taft. This decision was announced by the Republican candidate even before he had opportunity to read the Bryan speech. This reading, he said, he wished to do with great deliberation and should its perusal make a reply necessary or advisable, it would be made the subject of a speech or included in a speech Mr. Taft may make at some future time. His next speech will be delivered here on Aug. 21 to a gathering of Virginia Republicans who are coming to the mountains for a general rally.

Through an erroneous newspaper item from the South, to the effect that Mr. Taft had bought a horse, it was learned here that while riding with General Corbin last week when a sixteen-mile ride was accomplished, the big saddle horse which Mr. Taft has ridden for some time in Washington and which he brought here, suddenly developed ankle weakness and Mr. Taft was thrown.

He sustained no injury and made no mention of the occurrence. But he admitted that he believed he would be more comfortable hereafter on a horse of sturdier build. General Clarence R. Edwards, chief of the insular bureau of the war department, is on the lookout for such a horse, with authority to make a purchase when found.

**Tension Is Relaxed.**

There was a sudden relaxation to the tension of Wednesday, when political conferences were held every minute. Mr. Taft devoted the morning to his mail and to Mr. Vorys, his chief of staff. The West Virginia politicians, who still remain, have telegraphed for A. C. Scherr, the independent Republican candidate, upon whose arrival it is expected an understanding will be reached as to what manner of questions will be placed before the Republican national committee for solution in the desire to eliminate one of the two state tickets or ascertain which of the two shall be recognized by the national committee.

Representative W. P. Hepburn of Iowa, who at the request of Speaker Cannon is to spend most of his time in the East this summer giving personal attention to the construction of the new office building, is here for a day or two with Mrs. Hepburn. Colonel Hepburn has just returned from Iowa and is in a position to give Mr. Taft first hand information on the situation in his state, particularly with reference to the changed condition brought about by the death of Senator Allison. It is understood here that former Congressman John F. Lacey and Governor Cummins will eventually be the opposing candidates for the senatorial vacancy. For the present Colonel Hepburn regarded a public discussion of the situation from him as inopportune, although he predicted the state would give Taft a plurality of 80,000.

The most striking illustration that has been furnished up to this time of the defection of Southern Democrats from the Bryan standard in the present campaign came in the announcement by the Baltimore Sun, the leading Democratic organ of Maryland that it will support the candidacy of William H. Taft in this campaign.

The Baltimore Sun was one of the leading Democratic papers that bolted the Bryan candidacy in the 1896 campaign, but it supported him in 1900 and was a supporter of Judge Parker in 1904.

A lady, telling her age, remarked that she was born on April 2.

Her husband, who was present, observed, "I always thought you were born on April 1."

"People might well think so," responded the lady, "in the choice I made of a husband."—Tit-Bits.

**Aged Man a Suicide.**

Parsons, Kan., Aug. 14.—Stuart Huntley, seventy-five years of age, en route from California to his home in Astoria, Ill., committed suicide here by taking poison. He was recently robbed of money, was divorced from his wife and estranged from other relatives.

**DEVOID OF RESULTS.**

**Political Conference Is Held at Oyster Bay.**

Oyster Bay, N. Y., Aug. 14.—The net result of a political conference at Sagamore Hill between President Roosevelt, three members of the Republican state executive committee and Congressman W. W. Cocks, is that the situation in regard to the governorship nomination remains practically unchanged. One of the participants in the conference informed the representative of the Associated Press that no decision whatever was reached by the president and his conferees as to the selection of the man to be nominated by the Republican state convention at Saratoga next month to head the Republican ticket in New York state at the election next fall, or as to any other matter. So far as it is possible to learn President Roosevelt approves of leaving the question of Governor Hughes' renomination open until the convention meets and then letting the delegates themselves decide the matter.

Herbert Parsons, president of the New York county committee; William Barnes, Jr., of Albany and Francis Hendricks of Syracuse, the members of the newly appointed state Republican executive committee, which was named by Chairman Timothy L. Woodruff at the meeting of the state committee in New York Wednesday, were the three persons who participated in the conference besides the president and Congressman Cocks. Their visit to the president, following that of Senator John Raines, shows that the president is carefully watching Governor Hughes' candidacy for a renomination. Committee members Barnes and Hendricks are openly opposed to Governor Hughes' renomination, while Mr. Parsons' attitude is not definitely known as to the matter.

## BOAT CAPSIZES ON WISCONSIN RIVER

**Four of Its Occupants Meet Death by Drowning.**

Kilbourn, Wis., Aug. 14.—By the capsizing of a pleasure launch on the Wisconsin river four Chicago people were drowned. The dead are:

Edward G. Pfeiffer, Chicago; Ralph Pfeiffer, son of E. G. Pfeiffer, Chicago; Miss Mabel Ward, Chicago; Mrs. W. G. Heath, Chicago.

The rescued are Mrs. E. G. Pfeiffer, wife of the drowned man; Miss Pfeiffer, daughter of the drowned man and twin sister of Ralph; W. G. Heath, husband of Mrs. Heath; son of Mr. and Mrs. Heath; Gertie Ward, sister of Mabel Ward.

The boatman, John Wirtz, saved himself by swimming ashore. The launch, containing nine people, among them Mrs. Pfeiffer and daughter, was returning from a trip through the Dells. When near the dock the boat got into the waves of a passing steamer and the launch capsized, throwing all the occupants into the water. The accident was seen by many people on the dock and bridge and a rescue at once was attempted with boats and launches, but four had sunk before aid arrived. The bodies of Pfeiffer and the Heath boy have not been recovered.

## AUTO CRUSHED BY CARS.

**Two Military Men Meet Death at San Francisco.**

San Francisco, Aug. 14.—Sergeant Major A. H. Belyea and Master Electrician Sergeant C. H. Jones, attached to the Presidio military forces, were almost instantly killed when thrown from a runabout automobile which was crushed between cars running in opposite directions at Market street and Van Ness avenue. Jones was handling the car and drove across the path of a Haight street car. He had almost cleared the first track when an outward bound car struck the automobile. Jones and Belyea were thrown out, striking the pavement with much force. They were unconscious when picked up and both died within a few minutes.

The accident occurred during the rush hour and traffic on Market street was tied up for almost an hour.

"I fell out of the window of my flat yesterday."

"And you are on the fourth floor. That was terrible."

"Yes; I don't know how to face the janitor. I'm sure that I have violated some clause in my lease."—Washington Herald.

## BELIEVE THAW WILL GET FREE

**New York Lawyers Discuss the Celebrated Case.**

**IF HE LEAVES NEW YORK STATE**

**They Declare Stanford White's Slayer Can Be Set at Liberty by a Writ of Habeas Corpus—Not Convicted of Any Crime.**

New York, Aug. 14.—That Harry K. Thaw will be free within a month is the opinion of prominent New York lawyers. Eugene Philbin, former district attorney, said:

"There is no doubt that once Thaw sets foot outside of New York state he will be a free man, or if not actually free, can be made so by a writ of habeas corpus. Harry Thaw was not convicted of any crime. He was acquitted on the ground of insanity. Judge Dowling, believing it to be for the good of the state, committed Thaw to Matteawan. This commitment is legal only in New York.

"If the federal authorities demand Thaw's presence at the bankruptcy proceedings in Pittsburgh, those who have Thaw in custody have no other course than to produce him. The service of a subpoena on either Thaw or the New York authorities would require his keepers to turn him over to a United States marshal, who would take him to Pittsburgh. Once across the river and in New Jersey he would be legally free and as long as he is kept out of the state of New York he would have no fear of imprisonment."

John F. McIntyre, a leading lawyer of the criminal bar, said:

"Because Thaw was committed to an insane asylum does not necessarily prove that in any other state he would not be legally sane until proved otherwise, and until his sanity was passed upon by a competent commission, he would have every right under the law of a sane and innocent man.

"The legality of the statute under which Thaw was sent to an insane asylum has never been tested in the state. I believe that Thaw's asking for bankruptcy proceedings shows good, sound reasoning and is an indication of perfect balance of mind.

"A commitment in this state has no extra-territorial force, and once outside of the state Thaw would be a free man. Any judge outside of New York must discharge him on the grounds that he is illegally detained."

## CHARGED WITH MURDER.

**Joseph Duffy of Saginaw, Mich., Under Arrest.**

Saginaw, Mich., Aug. 14.—A warrant was issued charging Joseph Duffy with the murder of the four-weeks-old infant son of Miss Myrtle Lennon, which was found drowned in the river here last week. Duffy's attorney began habeas corpus proceedings and the police countered by getting the warrant. No formal charge has been made against Miss Lennon, who at the time of her arrest said that she had accidentally dropped the baby in the river when she stumbled and fell while walking across the railroad bridge.

When arraigned, Duffy stood mute and his hearing was set for Aug. 27.

## CONFESSES TO CRIME.

**Young Ohio Man Admits That He Murdered His Father.**

Batavia, O., Aug. 14.—George Vail, Jr., twenty years old, charged with the murder of his father, George Vail, Sr., sixty-one years old, who disappeared suddenly on June 10, 1907, has confessed to having committed the crime. He said that he had quarrelled with the elder Vail and had shot him only after he himself had been threatened.

According to the confession, young Vail, after killing his father, took the body into a hollow near his home and burned it.

**Boy Killed by a Binder.**

East Grand Forks, Minn., Aug. 14.—Paul Johnson, six-year-old son of Assistant Cashier J. R. Johnson of the First National bank, fell from the front part of a binder that was being hauled out to a farm and his head was crushed under the wheel. He died while being conveyed to a hospital. This is the third fatality in the Johnson family.

**Pythians Will Meet in Milwaukee.**

Boston, Aug. 14.—The supreme lodge, Knights of Pythias, voted that the next convention will be held in Milwaukee, which has already been selected by the supreme assembly of the uniformed rank of the order.

**Those suits are selling

The suit business is just reaching a satisfactory condition. Manufacturers have been trying to perfect the garments for years and the result is that now is the first time that they have really succeeded. That they have succeeded is proven by the immense number that discriminating ladies are purchasing. We await the opportunity of showing you our beautiful line.

## GETS MANY INVITATIONS

**Bryan Asked to Visit Various Parts of the Country.**

**GIVEN SERIOUS CONSIDERATION**

**Request That Democratic Candidate Go to California—Expresses a Desire to Again Go South—Presented With a "Big Stick" Gourd.**

Lincoln, Neb., Aug. 14.—Invitations to visit various sections of the country and deliver speeches fell thick and fast upon William Jennings Bryan California's request for a visit again was pressed upon him by Charles Edelman of San Francisco, with the result that the Democratic candidate is giving the matter serious consideration. Readville, Mass., wants him there Aug. 25 to witness the trotting derby, the first event of the kind. It is said, ever to occur in the United States. Assurances were given that there would be no gambling or pool selling, but as Mr. Bryan on that day will be in Indianapolis, a fact which A. C. Drinkwater, a member of the notification committee, overlooked when extending the invitation, he of course was compelled to decline.

Through Henry C. Clayton and R. H. Walker, Montgomery, Ala., expressed his desire for his presence Aug. 19. Mr. Bryan expressed a desire to again go South. He said that

he always had been cordially received there and was greatly indebted to the Southern people for their uniform support and kindness, but that the campaign was too young at this time for him to make any definite announcement as to what his engagements shall be on that date. He hoped that after a conference with the national committee he might be able to go to Montgomery and possibly some other points in the Southern states in response to numerous invitations.

"I am glad to say," Mr. Bryan remarked, "that all these invitations assure me that I will receive the electoral vote of not only Alabama, but all the other Southern states."

A notable incident of the day was the presentation to Mr. Bryan by several hundred farmers from Otter county, Neb., of a "big stick" gourd, grown in the state. It is about five feet in length and easily might be taken for the original. If there ever was one, which has been so generally caricatured. It bore the inscription "Billy's big stick," painted in large black letters.

Mr. Bryan, although expressing his thanks for the gift, declared that if elected to the presidency, the "big stick" would not be wielded, rather relying on his ability to lead the people through their love than to control them through their fears.

**Army of the Philippines.**

Galesburg, Ill., Aug. 14.—The ninth national encampment of the Army of the Philippines met here. Delegates arrived from all parts of the country. At the first session Captain F. W. Latimer was chairman and gave an address of welcome. Colonel J. T. Long responded. Captain H. A. Crow, commander-in-chief, spoke in appreciation of the cordial welcome. At a business session the commander's report was read and a number of recommendations were made in regard to changing the bylaws.

## PECULIAR FIRE.

**Injures Six Men and Burns a Warehouse and Five Dwellings.**

Pittsburg, Aug. 14.—Six men were painfully burned and a warehouse and five dwellings were destroyed by a peculiar fire at Glenfield, just west of this city. While workmen were connecting pipes of the Standard Oil company one of the pipes sprung a leak and a large quantity of oil flowed into a small stream running through the town. The oil on the water was ignited, presumably by a locomotive, and almost instantly a stream of flames was flowing through the town. Buildings near the stream took fire and for a time it was feared that most of the town would be burned, as the only water with which to fight the fire was in the creek, buried under the flames. Firemen and apparatus were sent from this city and had the fire under control after several hours' work. The total loss is about \$12,000.

## Cough Caution

Never, positively never poison your lungs. If you cough—even from a simple cold only—you should always heal, soothe, and ease the irritated bronchial tubes. Don't blindly suppress it with a stupefying poison. It's strange how some things finally come about. For twenty years Dr. Shoop has constantly warned people not to take cough mixtures or prescriptions containing Opium, Chloroform, or similar poisons. And now—a little late though—Congress says "Put it on the label, if poisons are in your Cough Mixture." Good! Very good! Hereafter for this very reason, mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance then, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and note the difference. No poison marks there! You can always be on the safe side by demanding

## Brainerd Business College

**Fall Opening September 1st**

Let us reason together, young men and women of Brainerd. Ten thousand dollars in the bank draws \$400 per year. A graduate of the Brainerd College will rarely start for less than \$400 a year and from that to a thousand, which means that the skill acquired at this institution is equivalent to a fund in the bank ranging, at the very beginning, from ten to twenty-five thousand dollars. Which is wiser—to place a hundred dollars in the bank and draw four dollars a year, or dispose of the sum in a way to immediately increase its earning power from one to two hundred times?

**"Diligence is the Mother of Good Luck"**  
*As the great Franklin used to say.*

Your good luck is at hand at that very moment when you get busy in earnest. Said our old friend, Poor Richard, "You may wait, but Time will not." Our Brainerd College is elegantly equipped in metropolitan style—roller top desks for students, handsome bank and office fixtures, glass partitions between departments, cloak and wash rooms for both sexes, well lighted, ventilated, and heated by steam.

Mr. Peterson, the principal, has no superior among business educators anywhere. Miss Sullivan's predecessor accepted a position as shorthand teacher at one of the leading technical schools of New York. We are supplying Brainerd with metropolitan talent. We conducted our institution at a great loss during the summer, merely to indicate stability.

We expect to help Brainerd grow. We will place in a profitable employment every graduate. Scholarships good in Minneapolis. Those wishing to finish there will be supplied with places to earn board. Arrange for fall term now. Further information for the asking.

**ASTRONOMICAL EVENTS.**  
Sun sets 6:56, rises 5:06; moon rises 5:54 p. m.; moon's age, 18 days; 6:44 a. m., planet Saturn in conjunction with the moon, the latter passing 2 1/2 degrees south, from west to east; seen near tonight.

Four members of the present city council of Fergus Falls have filed for the legislature, and the Journal thinks the council will either have to call a special election after January 1st or quit business.

J. T. KNOX, a member of the railway and warehouse commission during the administration of John Lind, will probably be one of the democratic nominees and will be pitted against Judge Mills. However, Mills is used to "knocks."

Two Stearns county merchants have been arrested and fined \$50 in each case for selling rotten eggs. The prosecution was made by the state dairy and food inspector. The law is very strict in regard to the egg business and the inspectors are making an example of every violation they can detect.

THE matter of funds with which to run the campaign seems to be bothering the political parties of all creeds. The prohibitionists have been making a house to house canvass in this city this week soliciting cash subscriptions for the purpose of carrying on the temperance movement in politics in this state.

THE Second and Eighth districts are the battle grounds in the Minnesota congressional districts. J. Adam Bede is opposed by C. B. Miller and the fight is waxing warm. The newspaper report is to the effect that Bede has refused to declare against Speaker Cannon and that Miller's friends are making capital out of it, and it is anybody's fight yet with the Anoka and Princeton street fairs to be pulled off to decide matters. McClary, Gutterson and Ewert are the candidates for the republican nomination in the Second district.

THE extravagance of the democratic state administration is one of the issues that J. F. Jacobson will discuss before the voters in his campaign between this and election day. Mr. Jacobson finds that taxes have increased 7 per cent under Johnson's administration and that \$1,900,000 have been borrowed to meet expenses under democratic rule in this state. No one is more familiar with state affairs than the present republican candidate for governor and no one doubts but that Mr. Jacobson will keep the democratic press bureau busy making explanations during the next two months.

### ABOARD THE LOUISIANA.

American Officers Entertain Two Thousand New Zealanders.

Auckland, N. Z., Aug. 14.—The officers of the American Atlantic fleet entertained 2,000 New Zealanders aboard the battleship Louisiana. Among the throng were many handsomely gowned women. The officers showed their visitors every part of the great fighting machine and explained to them in detail the working of the intricate mechanisms.

H. A. Myers, the mayor of Auckland, has written W. A. Prickett, the American consul general, extending his congratulations and those of the citizens of Auckland on the orderly conduct and sobriety of the crews of the battleships. Their behavior, the mayor said, had been most exemplary and reflected the highest credit on the fleet.

Inasmuch as the visit of the fleet is drawing to a close, shore leave was given to as many of the enlisted men as it was possible to spare from the ships. Hundreds of them were again taken to visit nearby points of interest and later were entertained at luncheon, while others preferred to promenade through the heart of the city and attend the theaters. Several impromptu baseball games were organized and the New Zealanders who attended these were delighted with their introduction to the American national game.

Many of the officers attended private social functions.

### OUR GAS TO LIGHT UP OCE

Scheme to Pipe It From Oklahoma and Across the Atlantic.

It is within the realm of possibility that within ten years continental Europe will be supplied by gas for both illuminating and power purposes sent directly through a pipe line from Oklahoma. Alexander A. Ebersson of St. Louis, who recently secured a concession to establish at Havre, France, the first American packing house in Europe, is now figuring on the feasibility of supplying Europe with the natural gas of the United States.

"Oklahoma already supplies the states of Oklahoma, Kansas, Indiana and the northwestern part of Texas with natural gas," said Mr. Ebersson "and there are also pipe lines from Oklahoma to St. Louis and from Indiana to Pittsburgh.

"My clients, who have immense leases in the Indian Territory and who supply the Standard Oil company with oil, have made up their minds to pipe their gas, if it is at all possible, to Europe. The gas does not cost any

thing, and we see no reason why it should not pay to lay a pipe line from Oklahoma across Kansas, Missouri, Illinois, Indiana, Ohio and Pennsylvania to New York and then across the Atlantic to Europe. The supply of natural gas is illimitable. When we start a gusher we often get 5,000 barrels of oil a day and an absolutely inexhaustible supply of one of the hydrocarbon series of gases, which is as valuable for power as for lighting purposes.

"Although I must confess my scheme is as yet in the embryonic state, it may not be many years before London, Paris and Berlin are illuminated by Oklahoma gas and the trolley cars and workshops in these cities are also driven by the same power. The existing gas companies will put up a big fight for their existence, but gas at half the present cost could not be refused."

HUNTERS ARE GOING AFTER POACHERS

Organized Effort Will be Made to Put Stop to Hunting in Closed Season

SHOULD OSTRACIZE SUCH MEN So Says One Prominent Citizen and Member of the Riverside Gun Club

The law abiding hunters of Brainerd are going after the men who slaughter the chickens before the law is out. THE DISPATCH reporter had a conversation with a couple of leading business men a day or two ago concerning the matter. They feel that while the game wardens are doing all in their power to put a stop to the practice they can not be at several places at once and need and should have the active assistance of all law abiding citizens and especially those true sportsmen who are willing to abide by the law and await the opening of the season before commencing the slaughter.

MUSIC AND DRAMA

The Clonion Quartet The Clonion Quartet assisted by Bislar's orchestra, will give a concert at the First Baptist church on Friday evening, August 21. The quartet is composed of the following local musicians: Miss Irene Cain, first soprano; Mrs. J. E. Abramson, second soprano; Miss Myrtle Cain, first alto; Miss Dorothy Lyndon, second alto. The ladies are all fine vocalists and the entertainment will be a very enjoyable one.

"At The Unique" The performance at the Unique last evening was greeted with a good sized audience which was well pleased with the program presented. The illustrated song, "You," was handsomely illustrated and was beautifully sung by Miss Kathelen Graham, who also sang a very pleasing solo. The comic end of the moving picture program was comprised of "The Wishbone," and "Fly Paper," while "Korea" was a fine scenic reproduction of the scenery of that far off clime. "The Face on the Bar Room Floor," was a dramatic temperance piece.

Four Corners of the Earth "In 'The Four Corners of the Earth' which is meeting with such universal favor en tour, is one of the heaviest melodramatic production of the year. Scenically it is without an equal and from a dramatic standpoint is little short of ideal. The stage settings are all new, true to the situations and elaborate, careful attention having been paid to detail. Klunt & Gazzolo are exploiting this attraction with a much augmented and talented cast. At the opera house Monday evening, Aug. 17.

No one is immune from kidney trouble, so just remember that Foley's Kidney Remedy will stop the irregularities and cure any case of kidney or bladder trouble that is not beyond the reach of medicine. H. P. Dunn. mwf

Watch on Her Wrist. "Believe me," said a jeweler, "in another season or two every woman will wear her watch on her wrist. Woman's watch is a nuisance to her if carried in any other way. She has worn it in her waist, on her waist and at her belt. She has carried it in a watch pocket and hung it from a necklace. But the wristband alone has given her solid comfort. The bicycle girl was the first to adopt the wristband. It was necessary that she be able to look at her watch without dismounting, and the only safe way to do that was to wear it on her wrist. Then the equestrienne took it up and after her the yachtswoman. Not for years did woman adapt the idea to ordinary use. Now, however, at least one in ten carries her watch in that way, and the proportion is increasing so rapidly that I look to see it become universal. A watch so carried is less likely to be damaged than if hung from a chain-laine pin and less likely to be stolen."

MARRIED IN OPEN AIR Couple From Esterdy, Cass County, Married West of White Sand Lake Thursday Evening

Jacob Knutson and Mrs. Wilhelmina Hanson, of Esterdy, Cass county, secured the proper permission to wed from the clerk of that county. A local attorney advised them that they could not be married in Brainerd but that it must be done in Cass county. Rev. Oscar Jacobson was secured, I. Edstrom impressed for service as a witness and with A. R. Lamb as driver and witness the party drove out west of Baxter last night and the couple were united in the bonds of holy matrimony under the open skies. The knot tied, the couple returned to this city where they spent the night, returning to their home today.

Married in Oregon The Dalles, Oregon, Daily Chronicle contains the following notice of the wedding of two people well known in Brainerd. The groom is a son of Mr. and Mrs. W. H. Lawrence, of this city, and the bride was a former resident: "A quiet, but pretty wedding was solemnized at the home of Mr. and Mrs. Clark Alexander Tuesday evening, when Miss Effie Alexander, of this city, and Adelbert Lawrence, of Spokane, were united in marriage by Rev. C. P. Bailey, pastor of the Calvary Baptist church. A few relatives and intimate friends were in attendance. After the ceremony a dainty repast was served. Among the out of town guests present were Miss Lillian Lawrence, of Brainerd, Minnesota, sister of the groom and Muriel Sias, of Midland, Michigan. Mr. and Mrs. Lawrence left Tuesday evening for Spokane where they will make their home."

Creating Enthusiasm. The candidacy of Chas. W. Bouck for the Republican nomination for representative is creating a great deal of enthusiasm thruout Crow Wing and Morrison counties. Being both a farmer and a merchant of long experience the people naturally feel that in him they have a man who will work for their interests. ## THREE INDICTED BY GRAND JURY

Latest Developments in Gould  
Conspiracy Case.

New York, Aug. 14.—The grand jury filed an indictment with Judge Crain in Part 1 of General Sessions, charging Mrs. Ben Teal, the wife of the stage director, Harry N. Mousley, private detective, and Miss Julia Fleming with attempted subornation of perjury.

The three were arrested on evidence furnished by Miss Mabel MacCaulan, who told the district attorney of an attempted plot to manufacture evidence in the Frank Gould divorce suit in which Mr. Gould's name was to have been connected with that of Miss Beattie De Voe.

Mrs. Teal, who formerly was Mrs. W. C. Toomey of St. Paul, Miss Fleming and Mousley, all of whom are out on bail, were notified to appear before Judge Crain to plead to the indictment.

## Lye Strain Headache

Toledo, Ohio, lady tells how head-  
aches disappeared with the use of  
Dr. A. W. Chase's Nerve Pills.

Women who use their eyes much for read-  
ing or fine needlework are sure to find eye-  
strain and nervous, sick headaches among the  
first symptoms when the nervous system gets  
run down.

As a positive cure for headaches, not mere  
relief but cure, Dr. A. W. Chase's Nerve Pills  
stand without a rival because they get at the  
cause of the trouble and build up the nervous  
system to health and strength.

Mrs. K. Kramer, 31 Summit St., Toledo,  
Ohio, states: "My trouble was good, hard,  
nervous, sick headaches and neuralgia of the  
eyes, all due to a run-down system. I heard  
of Dr. A. W. Chase's Nerve Pills and obtained  
splendid results from their use. The head-  
aches and neuralgia disappeared when my  
system was built up; the nerves are steady and  
my whole system wonderfully benefited."

## ACCIDENT TO AEROPLANE.

Wilbur Wright Attempts a Daring  
Method of Descent.

Lemans, France, Aug. 14.—The  
Wright aeroplane suffered an accident  
which will require several days and  
possibly a week to repair.

After two superb flights Wilbur  
Wright essayed a new and daring  
method of descent. He stopped the  
motor at a height of seventy-five feet

and tried to come to earth on a gradual  
descending glide. The calculations  
were not absolutely correct and the  
left wing of the aeroplane came in  
contact with the ground. This tore the  
frame of the machine. Mr. Wright  
was not injured.

### FRICITION WILL BE AVOIDED

Modus Vivendi Regarding Newfound-  
land Fisheries Concluded.

London, Aug. 14.—The foreign of-  
fice, in announcing the conclusion of  
a modus vivendi regarding the New-  
foundland fisheries, says:

"His Majesty's government and the  
government of the United States unite  
in regarding the exchange of notes  
recording this proposal and its accept-  
ance as constituting in itself a satis-  
factory agreement for the season of  
1908, without the necessity of a more  
formal agreement."

The conclusion of a modus vivendi  
between Great Britain and the United  
States governing the Newfoundland  
fisheries and the right of American  
fishermen means that friction in New-  
foundland waters will be avoided until  
a settlement of the entire question,  
which is of long standing, is had be-  
fore The Hague tribunal. The dis-  
pute arises from the contention of  
the Americans that they have the  
same fishing rights in Newfoundland  
waters possessed by British subjects,  
basing their claim on the fisheries  
treaty of 1818. The Americans also  
claim the same rights as to Canadian  
waters.

"Good morning, sir," said the artist  
politely. "That's a perfect cow of yours  
down there in the field. I'd like to  
paint her if you don't mind."

top. "I reckon ye won't! Git outter  
hyar. I'm tired o' you 'Perkins' pur-

## HAD GRAVES READY FOR HIS VICTIMS

Californian Kills His Children  
and Attempts Suicide.

Los Angeles, Cal., Aug. 14.—After  
having prepared three graves in  
Evergreen cemetery and caused head-  
stones to be erected, one for himself,  
one for his son and one for his mar-  
ried daughter, Henry J. Duffy killed  
his two children with an axe and at-  
tempted to kill himself with a butch-  
er knife. An effort to kill his wife  
also failed.

Duffy now lies strapped to a cot in  
the hospital.

"I don't remember anything about  
hitting my boy," he said. "That part  
of it is a blank. I do remember hit-  
ting my daughter. I seemed to wake  
up then."

Duffy, the physicians say, will not  
die from his self-inflicted injuries. He  
is suffering from locomotor ataxia,  
epilepsy and typhoid-pneumonia.

convention at St. Joseph, Mo. The  
vote stood: St. Joseph 172, Minneap-  
olis 51, Seattle 31.

With this question settled the con-  
vention took up several proposed  
changes in the general laws, but the  
only one adopted was that abolishing  
substitute lists in all union offices.  
The change, it was stated, will open  
all union offices to all union men who  
can get a job.

John Mitchell of the national civic  
league was a guest of the convention

### Benefit Game for Cy Young.

Boston, Aug. 14.—Nearly 20,000 per-  
sons from all over the New England  
states attended the benefit game for  
Denton Tecumseh (Cy) Young of  
Peoli, O., the Boston American League  
base ball team's veteran pitcher.  
Three silver loving cups, a traveling  
bag and two big floral pieces were  
presented to Young. The main at-  
traction besides "Cy" himself was a  
game between Boston and a team of  
star players picked from the other  
American league clubs. The all stars  
won by a score of 3 to 2 in twelve in-  
nings.

### Twelve Thousand Eagles Parade.

Seattle, Wash., Aug. 14.—Twelve  
thousand members of the Fraternal  
Order of Eagles from every corner of  
North America paraded through the  
streets of Seattle and were cheered  
by a throng of citizens and visitors  
that all but blocked their passage.  
Magnificent uniforms, spectacular  
floats, bands and crack drill teams  
made up the pageant.

### Filling Vacant Places.

Toronto, Aug. 14.—The Canadian  
Pacific railway is filling the vacant  
places in the shops here and in West  
Toronto. Forty more strike-breakers  
were taken into the West Toronto  
shops. The car repairing department  
is now fully manned and half the regu-  
lar force in the blacksmith shops is  
at work.

### Young Girl a Suicide.

Kansas City, Mo., Aug. 14.—Vivian  
Burden, twelve years old, committed  
suicide by swallowing carbolic acid.  
It is believed that the suicide Tues-  
day of May Williamson, a sixteen-  
year-old chum and schoolmate, in-  
fluenced the girl to take her own life.

## ANTI BLACK HAND SOCIETY.

Honest Italian-Americans Unite to  
Combat Blackmailers and Slayers.

Believing that the Black Hand evil  
can be fought better by the honest  
Italian element than by the police  
force, a number of Italian citizens and  
societies in New York began prepara-  
tions the other day for the organiza-  
tion of a society whose sole purpose  
shall be to combat the dread black  
mailers and murderers.

A substantial fund is to be raised—  
probably \$100,000, it was said—to es-  
tablish some system of stopping the  
outrages and protecting law abiding  
Italians, whether rich or poor. A com-  
mittee of fifty prominent men was ap-  
pointed to look into ways and means of  
getting to work, and it is expected that  
within a few weeks the anti Black  
Hand society will have a membership  
of thousands.

A meeting was held at the office of  
Gerardo Luisi at 87 Nassau street. It  
was not publicly announced, nor were  
the names of those present made pub-  
lic afterward. There was method in  
this—the attendants might receive mes-  
sages from the Black Hand were their  
identity known.

But it was a representative as well  
as determined band that met. At least  
twelve of the men present had been  
threatened by the Black Hand, and  
every one had had personal dealings  
in some way with the organization.  
A considerable sum of money was  
pledged on the spot, and more will be  
forthcoming.

After the temporary organization  
was effected it was decided that not  
only would the new society try to pre-  
vent the Black Hand outrages, but it  
would also relieve the sufferings and  
help in a business way those who  
meet with personal or business dam-  
age from the blackmailers in the fu-  
ture.

While this feature was not announ-  
ced, it was said that a great system of  
espionage would be inaugurated. Hon-  
est Italians will be employed as de-  
tectives. They will learn of prospec-  
tive bomb throwings or attempts at  
money levying and will be ready for  
the murderers and blackmailers when  
they attempt to carry out their threats.  
The new society purposes to work  
entirely independently of the police.  
There is a force of Italian detectives  
at headquarters in New York, but it is  
said their efforts are practically use-  
less because their number is small,  
and every Black Hand member in town  
knows them whenever he sees one of  
them.

It was estimated recently that at  
least \$1,000,000 worth of damage had  
been done by the Black Hand in New  
York city and that the deaths which  
might properly be laid at its door run  
into the hundreds.

### Killing Off Idaho's Pests.

The bounty plan for the destruction  
of predatory animals adopted Jan. 1  
last by the state live stock sanitary  
board of Idaho is proving more effec-  
tive than the old method of employing  
trappers. The expense is reduced,  
while the results are almost doubled.  
Since that time animals have been  
killed as follows: Coyotes, 4,977; bob-  
cats, 332; lynxes, 18.

### Olympus, U. S. A.

Didn't we beat the Briton fleet, and didn't  
we thump the Teut?  
Didn't our cop come out on top, that blue  
and brassy beaut?  
Didn't we conquer the Hollander jonk-  
heer, son of the dike and dam?  
And wasn't the Swede a baby breed to  
the giants of Uncle Sam?

Oh, a mountain of a man is the brawny  
Jawny Plan  
When the hammer head is whirling for  
the trick!

Mass of muscle like a giant, steely stiff  
or snaky plant,  
Though there never was a snake inside  
a Mick, avick!

Oh, to see the sweep and swing of the  
discus in the fling  
When a Sheridan gives battle to a Horri!  
Man alive, he's got the wing of an an-  
cient Irish king

That he's flapping in the face of Mr.  
Thor, begor!

But wait for a judge, with a "Tut" and  
"Fudge,"  
To tell us of foul and plot;  
A Britisher missed through a slap on the  
wrist

Or some such blooming rot,  
And therefore he's put to the top from the  
foot.

While we're in the class called not.

There's a greyhound just as great as a  
Percheron of weight  
When the greyhound's grace and get-  
there give us joy.

It is folly to admit that a collie's better  
fit

As an image for our Mel, the Sheppard  
boy.

Hey! Here's Charley Yellow-Head, with  
the Hillman hare outsped.  
Only Yankee could set Yankee such a  
pace.

Begging pardon for this one purely pa-  
triotic pun.

'Twas a bit of native Bacon hogged the  
race.

Oh, hall to the hordes of underlords,  
Like fleas on a Titan's skin.  
Who, jealousy eaten, proclaim a man  
beaten

When all of the world yells "Win!"  
And great the repute of a lieutenant with the  
loot

That he captured by walking in!

Dwarf and giant are the same when old  
Sam is in the game.

See the featherweight wrestlers full  
of Dole,

While our Ralph proclaims a Rose is the  
biggest bloom that blows

From an iron bulb within a starry bowl.  
Hark! That distant hum of sound, grow-  
ing greater hither bound!

Lo, the sweating, staggering strugglers  
stumbling on

Into gaze through dust, a-daze, from the  
fiercest of the frays,

For our praise there totters Hayes of  
Marathon!

Yea, didn't we drag our starry flag to a  
pole in the starry sky—  
Our blue to the blue while the red white  
flew as high as our hearts were high?

And didn't our youth drive home this  
truth to the wide world there and then—  
The Yankee grade is the best man made  
in the molds of the God of men?

## Save \$600 to \$1,000 on a Threshing Outfit

Write Today for Big Free Thresher Book and  
Wonderful Factory-to-User Offer

Threshermen everywhere are saving hundreds of dollars  
by taking advantage of our wonderful offer which is fully  
explained in the book.

This offer is so liberal, and makes it so easy to save and  
make money that even individual farmers are clubbing to-  
gether and buying our Threshing Outfits for neighborhood use.

They are doing their own threshing when most conven-  
ient, and are making big money around home after their  
own threshing is done.

We can't tell you in this ad how liberal our offer is, but it is  
such a big opportunity that every Farmer, every Thresherman  
should get our Free Book and learn fully what it means to them  
whether they ever thought of owning a Threshing Outfit or not.

We are not making this offer,  
(which saves \$600 to \$1,000 on every  
purchase) on something new or un-  
tried. Our Winneshiek Traction En-  
gines and Separators are in use in  
every state in the Union where threshing is done, by the most  
successful threshermen in the United States. Experienced  
threshers know them and respect them.

The many patented features of both Engine and Separator  
make the Winneshiek outfits by far the simplest, most durable

and most economical that can be bought at any price. The Free  
Book fully illustrates all these labor-saving and grain-saving  
patents.

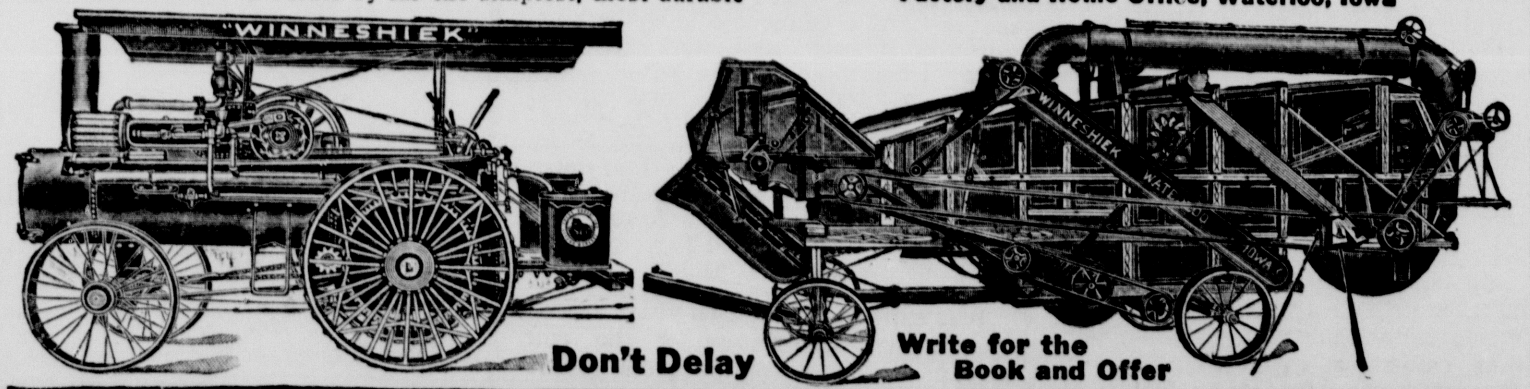

10% to 15%  
More Grain

One single patent—our Oscillating  
Device—puts 10 to 15 per cent more  
grain into your bins. This amount is  
wasted—carried out unthreshed in the  
straw with other separators. This de-  
vice works on the principle of the old-fashioned flail, 250 strokes  
a minute. It gets out every kernel of the grain. Flax is not  
crushed and timothy seed is not hulled. What would it mean to  
you in dollars to get 10 to 15 per cent more grain each season?  
Yet this is but a single patented feature of the famous Win-  
neshiek Separator.

How to Save  
\$850.75

On the outfit illustrated below you  
would save \$850.75 on our plan over an  
inferior Engine and Separator of equal ca-  
pacity. This will give you an idea of what  
our Free Book and our Wonderful Offer  
means to you. Sit right down now, before you forget, and write  
us for this book. It means so much to you in dollars and cents  
that you can't afford to put it off. Get a pencil and write a letter

## TAFT MAKES NO COMMENT

**Declines to Talk About Bryan's Speech of Acceptance.**

**WILL READ IT VERY CAREFULLY**

**And Will Make a Reply to It Should He Deem Such a Course Necessary or Advisable—Candidate Thrown by His Horse, But Sustains No Injury.**

Hot Springs, Va., Aug. 14.—No comment for publication in the newspapers on the acceptance speech of W. J. Bryan is to be made by W. H. Taft. This decision was announced by the Republican candidate even before he had opportunity to read the Bryan speech. This reading, he said, he wished to do with great deliberation and should its perusal make a reply necessary or advisable, it would be made the subject of a speech or included in a speech Mr. Taft may make at some future time. His next speech will be delivered here on Aug. 21 to a gathering of Virginia Republicans who are coming to the mountains for a general rally.

Through an erroneous newspaper item from the South, to the effect that Mr. Taft had bought a horse, it was learned here that while riding with General Corbin last week when a sixteen-mile ride was accomplished, the big saddle horse which Mr. Taft has ridden for some time in Washington and which he brought here, suddenly developed ankle weakness and Mr. Taft was thrown.

He sustained no injury and made no mention of the occurrence. But he admitted that he believed he would be more comfortable hereafter on a horse of sturdier build. General Clarence R. Edwards, chief of the insular bureau of the war department, is on the lookout for such a horse, with authority to make a purchase when found.

**Tension Is Relaxed.**

There was a sudden relaxation to the tension of Wednesday, when political conferences were held every minute. Mr. Taft devoted the morning to his mail and to Mr. Vorys, his chief of staff. The West Virginia politicians, who still remain, have telegraphed for A. C. Scherr, the independent Republican candidate, upon whose arrival it is expected an understanding will be reached as to what manner of questions will be placed before the Republican national committee for solution in the desire to eliminate one of the two state tickets or ascertain which of the two shall be recognized by the national committee.

Representative W. P. Hepburn of Iowa, who at the request of Speaker Cannon is to spend most of his time in the East this summer giving personal attention to the construction of the new office building, is here for a day or two with Mrs. Hepburn. Colonel Hepburn has just returned from Iowa and is in a position to give Mr. Taft first hand information on the situation in his state, particularly with reference to the changed condition brought about by the death of Senator Allison. It is understood here that former Congressman John F. Lacey and Governor Cummins will eventually be the opposing candidates for the senatorial vacancy. For the present Colonel Hepburn regarded a public discussion of the situation from him as inopportune, although he predicted the state would give Taft a plurality of 80,000.

The most striking illustration that has been furnished up to this time of the defection of Southern Democrats from the Bryan standard in the present campaign came in the announcement by the Baltimore Sun, the leading Democratic organ of Maryland that it will support the candidacy of William H. Taft in this campaign.

The Baltimore Sun was one of the leading Democratic papers that bolstered the Bryan candidacy in the 1896 campaign, but it supported him in 1900 and was a supporter of Judge Parker in 1904.

A lady, telling her age, remarked that she was born on April 2.

Her husband, who was present, observed, "I always thought you were born on April 1."

"People might well think so," responded the lady, "in the choice I made of a husband."—Tit-Bits.

**Aged Man a Suicide.**

Parsons, Kan., Aug. 14.—Stuart Huntley, seventy-five years of age, en route from California to his home in Astoria, Ill., committed suicide here by taking poison. He was recently robbed of money, was divorced from his wife and estranged from other relatives.

**DEVOID OF RESULTS.**

**Political Conference Is Held at Oyster Bay.**

Oyster Bay, N. Y., Aug. 14.—The net result of a political conference at Sagamore Hill between President Roosevelt, three members of the Republican state executive committee and Congressman W. W. Cocks, is that the situation in regard to the governorship nomination remains practically unchanged. One of the participants in the conference informed the representative of the Associated Press that no decision whatever was reached by the president and his conferees as to the selection of the man to be nominated by the Republican state convention at Saratoga next month to head the Republican ticket in New York state at the election next fall, or as to any other matter. So far as it is possible to learn President Roosevelt approves of leaving the question of Governor Hughes' renomination open until the convention meets and then letting the delegates themselves decide the matter.

Herbert Parsons, president of the New York county committee; William Barnes, Jr., of Albany and Francis Hendricks of Syracuse, the members of the newly appointed state Republican executive committee, which was named by Chairman Timothy L. Woodruff at the meeting of the state committee in New York Wednesday, were the three persons who participated in the conference besides the president and Congressman Cocks. Their visit to the president, following that of Senator John Raines, shows that the president is carefully watching Governor Hughes' candidacy for a renomination. Committeemen Barnes and Hendricks are openly opposed to Governor Hughes' renomination, while Mr. Parsons' attitude is not definitely known as to the matter.

## BOAT CAPSIZES ON WISCONSIN RIVER

**Four of Its Occupants Meet Death by Drowning.**

Kilbourn, Wis., Aug. 14.—By the capsizing of a pleasure launch on the Wisconsin river four Chicago people were drowned. The dead are:

Edward G. Pfeiffer, Chicago; Ralph Pfeiffer, son of E. G. Pfeiffer, Chicago; Miss Mabel Ward, Chicago; Mrs. W. G. Heath, Chicago.

The rescued are Mrs. E. G. Pfeiffer, wife of the drowned man; Miss Pfeiffer, daughter of the drowned man and twin sister of Ralph; W. G. Heath, husband of Mrs. Heath; son of Mr. and Mrs. Heath; Gertrude Ward, sister of Mabel Ward.

The boatman, John Wirtz, saved himself by swimming ashore.

The launch, containing nine people, among them Mrs. Pfeiffer and daughter, was returning from a trip through the Dells. When near the dock the boat got into the waves of a passing steamer and the launch capsized, throwing all the occupants into the water. The accident was seen by many people on the dock and bridge and a rescue at once was attempted with boats and launches, but four had sunk before aid arrived. The bodies of Pfeiffer and the Heath boy have not been recovered.

## AUTO CRUSHED BY CARS.

**Two Military Men Meet Death at San Francisco.**

San Francisco, Aug. 14.—Sergeant Major A. H. Belyea and Master Electrician Sergeant C. H. Jones, attached to the Presidio military forces, were almost instantly killed when thrown from a runabout automobile which was crushed between cars running in opposite directions at Market street and Van Ness avenue. Jones was handling the car and drove across the path of a Haight street car. He had almost cleared the first track when an outward bound car struck the automobile. Jones and Belyea were thrown out, striking the pavement with much force. They were unconscious when picked up and both died within a few minutes.

The accident occurred during the rush hour and traffic on Market street was tied up for almost an hour.

"I fell out of the window of my flat yesterday."

"And you are on the fourth floor. That was terrible."

"Yes; I don't know how to face the janitor. I'm sure that I have violated some clause in my lease."—Washington Herald.

## BELIEVE THAW WILL GET FREE

**New York Lawyers Discuss the Celebrated Case.**

**IF HE LEAVES NEW YORK STATE**

**They Declare Stanford White's Slayer Can Be Set at Liberty by a Writ of Habeas Corpus—Not Convicted of Any Crime.**

New York, Aug. 14.—That Harry K. Thaw will be free within a month is the opinion of prominent New York lawyers. Eugene Philbin, former district attorney, said:

"There is no doubt that once Thaw sets foot outside of New York state he will be a free man, or if not actually free, can be made so by a writ of habeas corpus. Harry Thaw was not convicted of any crime. He was acquitted on the ground of insanity. Judge Dowling, believing it to be for the good of the state, committed Thaw to Matteawan. This commitment is legal only in New York.

"If the federal authorities demand Thaw's presence at the bankruptcy proceedings in Pittsburgh, those who have Thaw in custody have no other course than to produce him. The service of a subpoena on either Thaw or the New York authorities would require his keepers to turn him over to a United States marshal, who would take him to Pittsburgh. Once across the river and in New Jersey he would be legally free and as long as he is kept out of the state of New York he would have no fear of imprisonment."

John F. McIntyre, a leading lawyer of the criminal bar, said:

"Because Thaw was committed to an insane asylum does not necessarily prove that in any other state he would not be legally sane until proved otherwise, and until his sanity was passed upon by a competent commission, he would have every right under the law of a sane and innocent man.

"The legality of the statute under which Thaw was sent to an insane asylum has never been tested in this state. I believe that Thaw's asking for bankruptcy proceedings shows good, sound reasoning and is an indication of perfect balance of mind.

"A commitment in this state has no extra-territorial force, and once outside of the state Thaw would be a free man. Any judge outside of New York must discharge him on the grounds that he is illegally detained."

## CHARGED WITH MURDER.

**Joseph Duffy of Saginaw, Mich., Under Arrest.**

Saginaw, Mich., Aug. 14.—A warrant was issued charging Joseph Duffy with the murder of the four-weeks-old infant son of Miss Myrtle Lennon, which was found drowned in the river here last week. Duffy's attorney began habeas corpus proceedings and the police countered by getting the warrant. No formal charge has been made against Miss Lennon, who at the time of her arrest said that she had accidentally dropped the baby in the river when she stumbled and fell while walking across the railroad bridge.

When arraigned, Duffy stood mute and his hearing was set for Aug. 27.

## CONFESSES TO CRIME.

**Young Ohio Man Admits That He Murdered His Father.**

Batavia, O., Aug. 14.—George Vail, Jr., twenty years old, charged with the murder of his father, George Vail, Sr., sixty-one years old, who disappeared suddenly on June 10, 1907, has confessed to having committed the crime. He said that he had quarrelled with the elder Vail and had shot him only after he himself had been threatened.

According to the confession, young Vail, after killing his father, took the body into a hollow near his home and burned it.

**Boy Killed by a Binder.**

East Grand Forks, Minn., Aug. 14.—Paul Johnson, six-year-old son of Assistant Cashier J. R. Johnson of the First National bank, fell from the front part of a binder that was being hauled out to a farm and his head was crushed under the wheel. He died while being conveyed to a hospital. This is the third fatality in the Johnson family.

**Pythians Will Meet in Milwaukee**

Boston, Aug. 14.—The supreme lodge, Knights of Pythias, voted that the next convention will be held in Milwaukee, which has already been selected by the supreme assembly of the reformed rank of the order.

## GETS MANY INVITATIONS

**Bryan Asked to Visit Various Parts of the Country.**

**GIVEN SERIOUS CONSIDERATION**

**Request That Democratic Candidate Go to California—Expresses a Desire to Again Go South—Presented With a "Big Stick" Gourd.**

Lincoln, Neb., Aug. 14.—Invitations to visit various sections of the country and deliver speeches fell thick and fast upon William Jennings Bryan California's request for a visit again was pressed upon him by Charles Edelman of San Francisco, with the result that the Democratic candidate is giving the matter serious consideration. Readville, Mass., wants him there Aug. 25 to witness the trotting derby, the first event of the kind. It is said, ever to occur in the United States. Assurances were given that there would be no gambling or pool selling, but as Mr. Bryan on that day will be in Indianapolis, a fact which A. C. Drinkwater, a member of the notification committee, overlooked when extending the invitation, he of course was compelled to decline.

Through Henry C. Clayton and R. H. Walker, Montgomery, Ala., expressed its desire for his presence Aug. 19. Mr. Bryan expressed a desire to again go South. He said that

he always had been cordially received there and was greatly indebted to the Southern people for their uniform support and kindness, but that the campaign was too young at this time for him to make any definite announcement as to what his engagements shall be on that date. He hoped that after a conference with the national committee he might be able to go to Montgomery and possibly some other points in the Southern states in response to numerous invitations.

"I am glad to say," Mr. Bryan remarked, "that all these invitations assure me that I will receive the electoral vote of not only Alabama, but all the other Southern states."

A notable incident of the day was the presentation to Mr. Bryan by several hundred farmers from Otter county, Neb., of a "big stick" gourd, grown in the state. It is about five feet in length and easily might be taken for the original, if there ever was one, which has been so generally caricatured. It bore the inscription "Billy's big stick," painted in large black letters.

Mr. Bryan, although expressing his thanks for the gift, declared that if elected to the presidency, the "big stick" would not be wielded, rather relying on his ability to lead the people through their love than to control them through their fears.

**Army of the Philippines.**

Galesburg, Ill., Aug. 14.—The ninth national encampment of the Army of the Philippines met here. Delegates arrived from all parts of the country. At the first session Captain F. W. Latimer was chairman and gave an address of welcome. Colonel J. T. Long responded. Captain H. A. Crow, commander-in-chief, spoke in appreciation of the cordial welcome. At a business session the commander's report was read and a number of recommendations were made in regard to changing the bylaws.

## PECULIAR FIRE.

**Injures Six Men and Burns a Warehouse and Five Dwellings.**

Pittsburg, Aug. 14.—Six men were painfully burned and a warehouse and five dwellings were destroyed by a peculiar fire at Glenfield, just west of this city. While workmen were connecting pipes of the Standard Oil company one of the pipes sprung a leak and a large quantity of oil flowed into a small stream running through the town. The oil on the water was ignited, presumably by a locomotive, and almost instantly a stream of flames was flowing through the town. Buildings near the stream took fire and for a time it was feared that most of the town would be burned, as the only water with which to fight the fire was in the creek, buried under the flames. Firemen and apparatus were sent from this city and had the fire under control after several hours' work. The total loss is about \$12,000.

## Cough Caution

Never, positively never poison your lungs. If you cough—even from a simple cold—only—you should always heal, soothe, and ease the irritated bronchial tubes. Don't blindly suppress it with a stupefying poison. It's strange how some things finally come about. For twenty years Dr. Shoop's Cough Cure has been constantly warning people not to take cough mixtures or prescriptions containing Opium, Chloroform, or similar poisons. And now—a little late though—Congress says "Put it on the label. If poisons are in your Cough Mixture." Good! Very good!!! Hereafter for this very reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chances then, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and note the difference. No poison marks there! You can always be on the safe side by demanding

## Brainerd Business College

**Fall Opening September 1st**

Let us reason together, young men and women of Brainerd. Ten thousand dollars in the bank draws \$400 per year. A graduate of the Brainerd College will rarely start for less than \$400 a year and from that to a thousand, which means that the skill acquired at this institution is equivalent to a fund in the bank ranging, at the very beginning, from ten to twenty-five thousand dollars. Which is wiser—to place a hundred dollars in the bank and draw four dollars a year, or dispose of the sum in a way to immediately increase its earning power from one to two hundred times?

**"Diligence is the Mother of Good Luck"**  
*As the great Franklin used to say.*

Your good luck is at hand at that very moment when you get busy in earnest. Said our old friend, Poor Richard, "You may wait, but Time will not." Our Brainerd College is elegantly equipped in metropolitan style—roller top desks for students, handsome bank and office fixtures, glass partitions between departments, cloak and wash rooms for both sexes, well lighted, ventilated, and heated by steam.

Mr. Peterson, the principal, has no superior among business educators anywhere. Miss Sullivan's predecessor accepted a position as shorthand teacher at one of the leading technical schools of New York. We are supplying Brainerd with metropolitan talent. We conducted our institution at a great loss during the summer, merely to indicate stability.

We expect to help Brainerd grow. We will place in a profitable employment every graduate. Scholarships good in Minneapolis. Those wishing to finish there will be supplied with places to earn board. Arrange for fall term now. Further information for the asking.

1457—German authorities pronounce this the date of the first printed book's completion.

1788—Thomas Sheridan, father of the orator and dramatist, died.

## ASTRONOMICAL EVENTS.

Sun sets 6:56, rises 5:06; moon rises 4:54 p. m.; moon's age, 18 days; 6:44 a. m., planet Saturn in conjunction with the moon, the latter passing 2 1/2 degrees south, from west to east; seen best tonight.

FOUR members of the present city council of Fergus Falls have filed for the legislature, and the Journal thinks the council will either have to call a special election after January 1st or quit business.

J. T. KNOX, a member of the railway and warehouse commission during the administration of John Lind, will probably be one of the democratic nominees and will be pitted against Judge Mills. However, Mills is used to "knocks."

Two Stearns county merchants have been arrested and fined \$50 in each case for selling rotten eggs. The prosecution was made by the state dairy and food inspector. The law is very strict in regard to the egg business and the inspectors are making an example of every violation they can detect.

THE matter of funds with which to run the campaign seems to be bothering the political parties of all creeds. The prohibitionists have been making a house to house canvass in this city this week soliciting cash subscriptions for the purpose of carrying on the temperance movement in politics in this state.

THE Second and Eighth districts are the battle grounds in the Minnesota congressional districts. J. Adam Bede is opposed by C. B. Miller and the fight is waxing warm. The newspaper report is to the effect that Bede has refused to declare against Speaker Cannon and that Miller's friends are making capital out of it, and it is anybody's fight yet with the Anoka and Princeton street fair to be pulled off to decide matters. McClary, Gutterson and Ewert are the candidates for the republican nomination in the Second district.

THE extravagance of the democratic state administration is one of the issues that J. F. Jacobson will discuss before the voters in his campaign between this and election day. Mr. Jacobson finds that taxes have increased 7 per cent under Johnson's administration and that \$1,900,000 have been borrowed to meet expenses under democratic rule in this state. No one is more familiar with state affairs than the present republican candidate for governor and no one doubts but that Mr. Jacobson will keep the democratic press bureau busy making explanations during the next two months.

## ABOARD THE LOUISIANA.

American Officers Entertain Two Thousand New Zealanders.

Auckland, N. Z., Aug. 14.—The officers of the American Atlantic fleet entertained 2,000 New Zealanders aboard the battleship Louisiana. Among the throng were many handsomely gowned women. The officers showed their visitors every part of the great fighting machine and explained to them in detail the working of the intricate mechanisms.

H. A. Myers, the mayor of Auckland, has written W. A. Prickett, the American consul general, extending his congratulations and those of the citizens of Auckland on the orderly conduct and sobriety of the crews of the battleships. Their behavior, the mayor said, had been most exemplary and reflected the highest credit of the fleet.

Inasmuch as the visit of the fleet is drawing to a close, shore leave was given to as many of the enlisted men as it was possible to spare from the ships. Hundreds of them were again taken to visit nearby points of interest and later were entertained at luncheon, while others preferred to promenade through the heart of the city and attend the theaters. Several impromptu baseball games were organized and the New Zealanders who attended these were delighted with their introduction to the American national game.

Many of the officers attended private social functions.

## OUR GAS TO LIGHT EUROPE

Scheme to Pipe It From Oklahoma and Across the Atlantic.

It is within the realm of possibility that within ten years continental Europe will be supplied by gas for both illuminating and power purposes sent directly through a pipe line from Oklahoma. Alexander A. Ebersson of St. Louis, who recently secured a concession to establish at Havre, France, the first American packing house in Europe, is now figuring on the feasibility of supplying Europe with the natural gas of the United States.

"Oklahoma already supplies the states of Oklahoma, Kansas, Indiana and the northwestern part of Texas with natural gas," said Mr. Ebersson, "and there are also pipe lines from Oklahoma to St. Louis and from Indiana to Pittsburgh."

"My clients, who have immense leases in the Indian Territory and who supply the Standard Oil company with oil, have made up their minds to pipe their gas, if it is at all possible, to Europe. The gas does not cost any."

We are so certain that itching, bleeding and protruding piles can always be relieved and absolutely cured by this ointment that we positively guarantee satisfaction or money refunded.

thing, and we see no reason why it should not pay to lay a pipe line from Oklahoma across Kansas, Missouri, Illinois, Indiana, Ohio and Pennsylvania to New York and then across the Atlantic to Europe. The supply of natural gas is illimitable. When we start a gusher we often get 5,000 barrels of oil a day and an absolutely inexhaustible supply of one of the hydrocarbon series of gases, which is as valuable for power as for lighting purposes.

"Although I must confess my scheme is as yet in the embryonic state, it may not be many years before London, Paris and Berlin are illuminated by Oklahoma gas and the trolley cars and workshops in these cities are also driven by the same power. The existing gas companies will put up a big fight for their existence, but gas at half the present cost could not be refused."

## HUNTERS ARE GOING AFTER POACHERS

Organized Effort Will be Made to Put Stop to Hunting in Closed Season

### SHOULD OSTRACIZE SUCH MEN

So Says One Prominent Citizen and Member of the River-side Gun Club

The law abiding hunters of Brainerd are going after the men who slaughter the chickens before the law is out. THE DISPATCH reporter had a conversation with a couple of leading business men a day or two ago concerning the matter. They feel that while the game wardens are doing all in their power to put a stop to the practice they can not be at several places at once and need and should have the active assistance of all law abiding citizens and especially those true sportsmen who are willing to abide by the law and await the opening of the season before commencing the slaughter.

"Any man, said one," who will hunt chickens before the law is out is deserving not only the condemnation of every true sportsman, but he should be expelled forthwith from the gun club and should be ostracized especially by other hunters. The matter is being taken up and the sportsmen will undoubtedly take active participation in the matter of enforcing the law, as they should do.

## MUSIC AND DRAMA

**The Clonion Quartet**  
The Clonion Quartet assisted by Bislar's orchestra, will give a concert at the First Baptist church on Friday evening, August 21. The quartet is composed of the following local musicians: Miss Irene Cain, first soprano; Mrs. J. E. Abramson, second soprano; Miss Myrtle Cain, first alto; Miss Dorothy Lyndon, second alto. The ladies are all fine vocalists and the entertainment will be a very enjoyable one.

**"At The Unique"**  
The performance at the Unique last evening was greeted with a good sized audience which was well pleased with the program presented. The illustrated song, "You," was handsomely illustrated and was beautifully sung by Miss Kathleen Graham, who also sang a very pleasing solo. The comic end of the moving picture program was comprised of "The Wishbone," and "Fly Paper," while "Korea" was a fine scenic reproduction of the scenery of that far off clime. "The Face on the Bar Room Floor," was a dramatic temperance piece.

**Four Corners of the Earth**  
"In "The Four Corners of the Earth" which is meeting with such universal favor on tour, is one of the heaviest melodramatic production of the year. Scenically it is without an equal and from a dramatic standpoint is little short of ideal. The stage settings are all new, true to the situations and elaborate, careful attention having been paid to detail. Klimt & Gazzolo are exploiting this attraction with a much augmented and talented cast. At the opera house Monday evening, Aug. 17.

No one is immune from kidney trouble, so just remember that Foley's Kidney Remedy will stop the irregularities and cure any case of kidney or bladder trouble that is not beyond the reach of medicine. H. P. Dunn. mw

**Watch on Her Wrist.**  
"Believe me," said a jeweler, "in another season or two every woman will wear her watch on her wrist. Woman's watch is a nuisance to her if carried in any other way. She has worn it in her waist, on her waist and at her belt. She has carried it in a watch pocket and hung it from a necklace. But the wristband alone has given her solid comfort. The bicycle girl was the first to adopt the wristband. It was necessary that she be able to look at her watch without dismounting, and the only safe way to do that was to wear it on her wrist. Then the equestrienne took it up and after her the yachtswoman. Not for years did woman adapt the idea to ordinary use. Now, however, at least one in ten carries her watch in that way, and the proportion is increasing so rapidly that I look to see it become universal. A watch so carried is less likely to be damaged than if hung from a chate-laine pin and less likely to be stolen."

**Dread Disease Survey.**  
A typhoid fever survey to determine the means, aside from domestic water supplies, by which this disease is transmitted is to be conducted in Pittsburg at the expense of the Russell Sage fund.

## MARRIED IN OPEN AIR

Couple From Esterdy, Cass County, Married West of White Sand Lake Thursday Evening

Jacob Knutson and Mrs. Wilhelmina Hanson, of Esterdy, Cass county, secured the proper permission to wed from the clerk of that county. A local attorney advised them that they could not be married in Brainerd but that it must be done in Cass county. Rev. Oscar Jacobson was secured, I. Edstrom impressed for service as a witness and with A. R. Lamb as driver and witness the party drove out west of Baxter last night and the couple were united in the bonds of holy matrimony under the open skies. The knot tied, the couple returned to this city where they spent the night, returning to their home today.

**Married in Oregon**  
The Dalles, Oregon, Daily Chronicle contains the following notice of the wedding of two people well known in Brainerd. The groom is a son of Mr. and Mrs. W. H. Lawrence, of this city, and the bride was a former resident: "A quiet, but pretty wedding was solemnized at the home of Mr. and Mrs. Clark Alexander Tuesday evening, when Miss Effie Alexander, of this city, and Adelbert Lawrence, of Spokane, were united in marriage by Rev. C. P. Bailey, pastor of the Calvary Baptist church. A few relatives and intimate friends were in attendance. After the ceremony a dainty repast was served. Among the out of town guests present were Miss Lillian Lawrence, of Brainerd, Minnesota, sister of the groom and Muriel Sias, of Midland, Michigan. Mr. and Mrs. Lawrence left Tuesday evening for Spokane where they will make their home."

**Drowned in Red River.**

Fargo, N. D., Aug. 14.—"They are after me, but they will never get me," declared Steven Gunnell of Ponsford, Becker county, Minn., as he sprang to his death in the Red river from the Moorhead side. Gunnell had spent almost two days drinking in Moorhead saloons. Crazed from dissipation, he conceived the idea that some one was after him and fled to the river and drowned himself.

The band boys went to Cedar Lake Sunday P. M. and were royally entertained at Mr. Hamdorf's. They were met at the station with teams and taken direct to Mr. Hamdorf's farm about 1½ miles from the station. A sumptuous spread was given them for supper and a number of neighbors were also there to give welcome to the band. There were 100 people for supper and Mr. and Mrs. Hamdorf gave their whole attention to entertaining, the serving and etc. being done by the young ladies of the neighborhood. Everyone certainly had a delightful time and the Cedar Lake people can rest assured the Deerwoodites will have a warm spot in their hearts for them.

**Cured Hay Fever and Summer Cold.**

A. S. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed only to aggravate it. Fortunately I insisted upon having Foley's Honey and Tar. It quickly cured me. My wife has since used Foley's Honey and Tar with the same success." H. P. Dunn mw

## THREE INDICTED BY GRAND JURY

Latest Developments in Gould  
Conspiracy Case.

New York, Aug. 14.—The grand jury filed an indictment with Judge Crain in Part 1 of General Sessions, charging Mrs. Ben Teal, the wife of the stage director, Harry N. Mousley, private detective, and Miss Julia Fleming with attempted subornation of perjury.

The three were arrested on evidence furnished by Miss Mabel Mac-Caulan, who told the district attorney of an attempted plot to manufacture evidence in the Frank Gould divorce suit in which Mr. Gould's name was to have been connected with that of Miss Bessie De Voe.

Mrs. Teal, who formerly was Mrs. W. C. Toomey of St. Paul, Miss Fleming and Mousley, all of whom are out on bail, were notified to appear before Judge Crain to plead to the indictment.

## Eye Strain Headache

Toledo, Ohio, lady tells how head-  
aches disappeared with the use of  
Dr. A. W. Chase's Nerve Pills.

Women who use their eyes much for read-  
ing or fine needlework are sure to find eye-  
strain and nervous, sick headaches among the  
first symptoms when the nervous system gets  
run down.

As a positive cure for headaches, not mere  
relief but cure, Dr. A. W. Chase's Nerve Pills  
stand without a rival because they get at the  
cause of the trouble and build up the nervous  
system to health and strength.

Mrs. K. Kramer, 31 Summit St., Toledo,  
Ohio, states: "My trouble was good, hard,  
nervous, sick headaches and neuralgia of the  
eyes, all due to a run-down system. I heard  
of Dr. A. W. Chase's Nerve Pills and obtained  
splendid results from their use. The head-  
aches and neuralgia disappeared when my  
system was built up; the nerves are steady and  
my whole system wonderfully benefited."

## ACCIDENT TO AEROPLANE.

Wilbur Wright Attempts a Daring  
Method of Descent.

Lemans, France, Aug. 14.—The  
Wright aeroplane suffered an accident  
which will require several days and  
possibly a week to repair.

After two superb flights Wilbur  
Wright essayed a new and daring  
method of descent. He stopped the  
motor at a height of seventy-five feet

and tried to come to earth on a grad-  
ual descending glide. The calcula-  
tions were not absolutely correct and  
the left wing of the aeroplane came in  
contact with the ground. This tore the  
frame of the machine. Mr. Wright  
was not injured.

## FRICTION WILL BE AVOIDED

Modus Vivendi Regarding Newfound-  
land Fisheries Concluded.

London, Aug. 14.—The foreign of-  
fice, in announcing the conclusion of  
a modus vivendi regarding the New-  
foundland fisheries, says:

"His majesty's government and the  
government of the United States unite  
in regarding the exchange of notes  
recording this proposal and its accep-  
tance as constituting in itself a satis-  
factory agreement for the season of  
1908, without the necessity of a more  
formal agreement."

The conclusion of a modus vivendi  
between Great Britain and the United  
States governing the Newfoundland  
fisheries and the right of American  
fishermen means that friction in New-  
foundland waters will be avoided until  
a settlement of the entire question,  
which is of long standing, is had be-  
fore The Hague tribunal. The dis-  
pute arises from the contention of  
the Americans that they have the  
same fishing rights in Newfoundland  
waters possessed by British subjects,  
basing their claim on the fisheries  
treaty of 1818. The Americans also  
claim the same rights as to Canadian  
waters.

"Good morning, sir," said the artist  
politely. "That's a perfect cow of yours  
down there in the field. I'd like to  
paint her if you don't mind."

"By heck," exclaimed Farmer Korn-  
top, "I reckon ye won't! Git outer  
hyar. I'm tired o' you 'Perkins' pur-  
ple pills fellers."—Philadelphia Press.

## HAD GRAVES READY FOR HIS VICTIMS

Californian Kills His Children  
and Attempts Suicide.

Los Angeles, Cal., Aug. 14.—After  
having prepared three graves in  
Evergreen cemetery and caused head-  
stones to be erected, one for himself,  
one for his son and one for his mar-  
ried daughter, Henry J. Duffy killed  
his two children with an axe and at-  
tempted to kill himself with a butcher  
knife. An effort to kill his wife  
also failed.

Duffy now lies strapped to a cot in  
the hospital.  
"I don't remember anything about  
hitting my boy," he said. "That part  
of it is a blank. I do remember hit-  
ting my daughter. I seemed to wake  
up then."

Duffy, the physicians say, will not  
die from his self-inflicted injuries. He  
is suffering from locomotor ataxia,  
epilepsy and typhoid-pneumonia.

## TO BE HELD AT ST. JOSEPH

Next Convention of International Ty-  
pographical Union.

Boston, Aug. 14.—The delegates to  
the International Typographical union  
convention decided to hold the next  
convention at St. Joseph, Mo. The  
vote stood: St. Joseph 172, Minneap-  
olis 51, Seattle 31.

With this question settled the con-  
vention took up several proposed  
changes in the general laws, but the  
only one adopted was that abolishing  
substitute lists in all union offices.  
The change, it was stated, will open  
all union offices to all union men who  
can get a job.

John Mitchell of the national civic  
league was a guest of the convention.

## Benefit Game for Cy Young.

Boston, Aug. 14.—Nearly 20,000 per-  
sons from all over the New England  
states attended the benefit game for  
Denton Teumseh (Cy) Young of  
Peoli, O., the Boston American League  
base ball team's veteran pitcher.  
Three silver loving cups, a traveling  
bag and two big floral pieces were  
presented to Young. The main at-  
traction besides "Cy" himself was a  
game between Boston and a team of  
star players picked from the other  
American league clubs. The all stars  
won by a score of 3 to 2 in twelve in-  
nings.

## Twelve Thousand Eagles Parade.

Seattle, Wash., Aug. 14.—Twelve  
thousand members of the Fraternal  
Order of Eagles from every corner of  
North America paraded through the  
streets of Seattle and were cheered  
by a throng of citizens and visitors  
that all but blocked their passage.  
Magnificent uniforms, spectacular  
floats, bands and crack drill teams  
made up the pageant.

## Filling Vacant Places.

Toronto, Aug. 14.—The Canadian  
Pacific railway is filling the vacant  
places in the shops here and in West  
Toronto. Forty more strike-breakers  
were taken into the West Toronto  
shops. The car repairing department  
is now fully manned and half the reg-  
ular force in the blacksmith shops is  
at work.

## Young Girl a Suicide.

Kansas City, Mo., Aug. 14.—Vivian  
Burden, twelve years old, committed  
suicide by swallowing carbolic acid.  
It is believed that the suicide Tues-  
day of May Williamson, a sixteen-  
year-old chum and schoolmate, in-  
fluenced the girl to take her own life.

## ANTI BLACK HAND SOCIETY.

Honest Italian-Americans Unite to  
Combat Blackmailers and Slayers.

Believing that the Black Hand evil  
can be fought better by the bones  
Italian element than by the police  
force, a number of Italian citizens and  
societies in New York began prepara-  
tions the other day for the organiza-  
tion of a society whose sole purpose  
shall be to combat the dread black  
mailers and murderers.

A substantial fund is to be raised—  
probably \$100,000, it was said—to es-  
tablish some system of stopping the  
outrages and protecting law abiding  
Italians, whether rich or poor. A com-  
mittee of fifty prominent men was ap-  
pointed to look into ways and means of  
getting to work, and it is expected that  
within a few weeks the anti Black  
Hand society will have a membership  
of thousands.

A meeting was held at the office of  
Gerardo Luisi at 87 Nassau street. It  
was not publicly announced, nor were  
the names of those present made pub-  
lic afterward. There was method in  
this—the attendants might receive mes-  
sages from the Black Hand were their  
identity known.

But it was a representative as well  
as determined band that met. At least  
twelve of the men present had been  
threatened by the Black Hand, and  
every one had had personal dealings  
in some way with the organization.  
A considerable sum of money was  
pledged on the spot, and more will be  
forthcoming.

After the temporary organization  
was effected it was decided that not  
only would the new society try to pre-  
vent the Black Hand outrages, but it  
would also relieve the sufferings and  
help in a business way those who  
meet with personal or business dam-  
age from the blackmailers in the fu-  
ture.

While this feature was not announ-  
ced, it was said that a great system of  
espionage would be inaugurated. Honest  
Italians will be employed as de-  
tectives. They will learn of prospec-  
tive bomb throwings or attempts at  
money levying and will be ready for  
the murderers and blackmailers when  
they attempt to carry out their threats.  
The new society purposes to work  
entirely independently of the police.  
There is a force of Italian detectives  
at headquarters in New York, but it is  
said their efforts are practically use-  
less because their number is small,  
and every Black Hand member in town  
knows them whenever he sees one of  
them.

It was estimated recently that at  
least \$1,000,000 worth of damage had  
been done by the Black Hand in New  
York city and that the deaths which  
might properly be laid at its door run  
into the hundreds.

## Killing Off Idaho's Pests.

The bounty plan for the destruction  
of predatory animals adopted Jan. 1  
last by the state live stock sanitary  
board of Idaho is proving more effec-  
tive than the old method of employing  
trappers. The expense is reduced,  
while the results are almost doubled.  
Since that time animals have been  
killed as follows: Coyotes, 4,977; bob-  
cats, 332; lynxes, 18.

## Olympus, U. S. A.

Didn't we beat the Briton fleet, and didn't  
we thump the Teut?  
Didn't our cop come out on top, that blue  
and brassy beauty?  
Didn't we conquer the Hollander junk-  
heer, son of the dike and dam?  
And wasn't the Swede a baby breed to  
the giants of Uncle Sam?

Oh, a mountain of a man is the brawny  
Jawny Flan  
When the hammer head is whirling for  
the trick!  
Mass of muscle like a giant, steely stiff  
or snaky plant,  
Though there never was a snake inside  
a Mick, avick!  
Oh, to see the sweep and swing of the  
discus in the fling  
When a Sheridan gives battle to a Horri-  
Man alive, he's got the wing of an an-  
cient Irish king  
That he's flapping in the face of Mr.  
Thor, begor!

But wait for a judge, with a "Tut" and  
"Fudge."  
To tell us of foul and plot;  
A Britisher missed through a slap on the  
wrist  
Or some such blooming rot,  
And therefore he's put to the top from the  
foot,  
While we're in the class called not.

There's a greyhound just as great as a  
Percheron of weight  
When the greyhound's grace and get-  
there give us joy.  
It is folly to admit that a collier's better  
fit  
As an image for our Mel, the Sheppard  
boy.  
Hey! Here's Charley Yellow-Head, with  
the Hillman hare outsped.  
Only Yankee could set Yankee such a  
pace.

Begging pardon for this one purely pa-  
triotic pun.  
'Twas a bit of native Bacon hogged the  
race.

Oh, hall to the hordes of underlords,  
Like fleas on a Titan's skin,  
Who, jealousy eaten, proclaim a man  
beaten  
When all of the world yells "Win!"  
And great the repute of a lieutenant with the  
loot  
That he captured by walking in!

Dwarf and giant are the same when old  
Sam is in the game.  
See the featherweighted wrestlers full  
of Dole,  
While our Ralph proclaims a Rose is the  
biggest bloom that blows  
From an iron bulb within a starry bowl.  
Hark! That distant hum of sound, grow-  
ing greater hither bound!  
Lo, the sweating, staggering strugglers  
stumbling on!  
Into gaze through dust, a-daze, from the  
fiercest of the frays,  
For our praise there totters Hayes of  
Marathon!

Yea, didn't we drag our starry flag to a  
pole in the starry sky—  
Our blue to the blue while the red white  
flew as high as our hearts were high?  
And didn't our youth drive home this  
truth to the wide world there and  
then—  
The Yankee grade is the best man made  
in the molds of the God of men?  
—John O'Keefe in New York Press.

## Save \$600 to \$1,000 on a Threshing Outfit

Write Today for Big Free Thresher Book and  
Wonderful Factory-to-User Offer

Threshermen everywhere are saving hundreds of dollars  
by taking advantage of our wonderful offer which is fully  
explained in the book.

This offer is so liberal, and makes it so easy to save and  
make money that even individual farmers are clubbing to-  
gether and buying our Threshing Outfits for neighborhood use.

They are doing their own threshing when most conven-  
ient, and are making big money around home after their  
own threshing is done.

We can't tell you in this ad how liberal our offer is, but it is  
such a big opportunity that every Farmer, every Thresherman  
should get our Free Book and learn fully what it means to them  
whether they ever thought of owning a Threshing Outfit or not.

Please  
Remember This

We are not making this offer,  
(which saves \$600 to \$1,000 on every  
purchase) on something new or un-  
tried. Our Winneshiek Traction En-  
gines and Separators are in use in  
every state in the Union where threshing is done, by the most  
successful threshermen in the United States. Experienced  
threshers know them and respect them.

The many patented features of both Engine and Separator  
make the Winneshiek outfits by far the simplest, most durable

and most economical that can be bought at any price. The Free  
Book fully illustrates all these labor-saving and grain-saving  
patents.

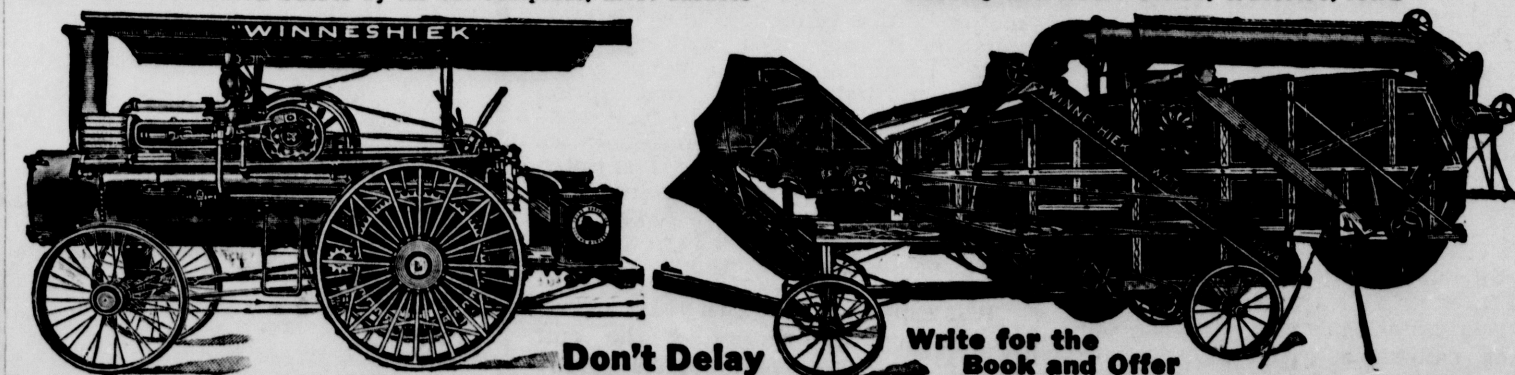

10% to 15%  
More Grain

One single patent—our Oscillating  
Device—puts 10 to 15 per cent more  
grain into your bins. This amount is  
wasted—carried out unthreshed in the  
straw with other separators. This de-  
vice works on the principle of the old-fashioned flail, 250 strokes  
a minute. It gets out every kernel of the grain. Flax is not  
crushed and timothy seed is not hulled. What would it mean to  
you in dollars to get 10 to 15 per cent more grain each season?  
Yet this is but a single patented feature of the famous Win-  
neshiek Separator.

How to Save  
\$850.75

pacity. This will give you an idea of what
